

DEDICATED TO YOUR SUCCESS

THE TOP PRACTICES PODIATRY PRACTICE BUSINESS SOLUTION MASTERMIND SEMINAR

In conjunction with the release of Dr. Peter Wishnie's new book "The Podiatry Practice Business Solution", Top Practices presents a onetime Mastermind Seminar in Las Vegas, Nevada on Friday, April 17th and Saturday, April 18th.

The Top Practices Podiatry Practice Business Solution Mastermind Seminar starts Friday, April 17th at 1 PM in incredible downtown Las Vegas, Nevada. In a true Mastermind format led by our three experts, we will work together with you to solve your biggest practice challenges.

Rem Jackson CEO of Top Practices Podiatry Management Podiatric Hall of Fame Member Author of "Podiatry Prosperity"

YOUR GUIDES

Peter Wishnie, DPM Founder of Family Foot and Ankle Specialists Director of Physician Programming, Top Practices Author of "The Podiatry Practice Business Solution"

abulous

Tina Del Buono, PMAC Founder of Practical Practice Management Director of Top Practices Virtual Practice Management Institute

Limited to 20 practices. (First Come, First Served)

The purpose of the weekend meeting is to:

- Specifically attack your issues and design a 90-day action plan that will make 2020 your best year ever
- Enable you to get more done in the next 90 days than most people accomplish in one year (you can do this)
- Overcome any negative thoughts or mindset that is holding you back (we all have some of this and you must identify and conquer yours)
- Watch and contribute as your colleagues and fellow attendees attack their biggest challenges
- Allow you to finally know your practice and your career are working for you instead of you working for it

The Seminar continues all day on Saturday. Here are some of the topics that have already been shared with our team that attendees want solutions to so they can move their practice to the next level:

- How do I pay myself exactly what I want to earn?
- Developing an A-Team from hiring to keeping the troops happy for years to come.
- Help: I work with my spouse and it's not always fun!
- How do I achieve solvency and end my cash flow problems?
- How can I get my staff to collect what's due at the time of their appointment?
- I hear about knowing my numbers and I don't really know what numbers I need to know.
- My staff and I experience a lot of stress and I know it is because the office doesn't run well. How can I even begin to set up protocols and systems?
- I need to gain much more acceptance of all treatment plans I recommend, including cash services. (This is a skill that is increasingly vital for a successful, highly profitable practice now and in the coming future.) I need my associate doctors to develop this skill too.
- How can I know what my staff are really doing while I'm seeing patients?
- If communication is the key then I need help because things are not going well with my manager and associates.

Attendees will leave with a completed workbook "blueprint" with their specific top problems or projects and outlined step-by-step solutions on how to fix or complete them.

WHY A FACE-TO-FACE MEETING?

Nothing can replace the experience of working in the same room with experts who know the path and other colleagues who are just as eager to become highly successful private practitioners and are all in just like you. You will accomplish more in these two days than you have in the past two years or more.

And we guarantee that. When you come and attend the entire meeting, if for any reason you do not believe you've received at least 10 times worth what you spent we will refund your money (all of it) with no tears or fights. It's no risk to you. We know how significantly this meeting will improve your practice, your career, and your life that we confidently make this guarantee.

INTRODUCING TOP PRACTICES PODIATRY PRACTICE BUSINESS SOLUTION MASTERMIND SEMINAR

Everyone has challenges that are holding them back. Everyone. Everyone has a vision of what they want their practice, their career, and their lives to look like.

Very few of us are achieving that vision and overcoming the challenges we face. Very Few. In fact, the great Napoleon Hill estimated that to be only 2% of us. Patients always come first and there is no time left for physicians and their staff to even begin to take on projects to make the practice run more efficiently and profitably. You make to-do lists but never get to them and even when you do start a project to improve, you or your staff rarely finish and implement it.

Your practice vision might be to scale your practice to the million-dollar mark and beyond. Or your vision might involve scaling your million-dollar+ practice to 5 million and beyond.

You might be looking for prosperity and a balance in your life and work, and the ability to run your practice without pulling your hair out every night.

You might be searching for the keys to working much more effectively and happily with your spouse or significant other.

Wherever you are in your practice, the tools, the strategies, and the mindset that will take you there are very, very similar. **Rem Jackson**, **Dr. Peter Wishnie**, and **Tina Del Buono know how to teach you to do it as they have so many others**.

WHAT PREVIOUS ATTENDEES TO SMALL GROUP MEETINGS LED BY REM JACKSON AND DR. PETER WISHNIE ARE SAYING:

We just finished up at Dr. Peter Wishnie's face-to-face meeting. And let me tell you, it was amazing. I flew out here to New Jersey from Chicago not really knowing what to expect. I thought, you know, I wanted to be with a small group of very high-powered, intelligent people that wanted to get their practice running well and being efficient. And it was. It was a great, small, problem-focused group.

I went in kind of stagnant. I've been doing this for almost 14 years, and I am completely re-energized. I have a new mindset, a complete goal list - set goals that where I can achieve and go beyond what I thought I was kind of at that point where I couldn't do. I have real focus of what I can do now. So, it was one of the best experiences. It went by in a flash. I mean it was unbelievable.

The Top Practices Red Rock Mastermind Meeting led by Rem Jackson was by far the most beneficial meeting I have been to. It was invaluable to talk to like-minded people about new ideas and innovations in their practices that can benefit my own office. I made many long-term connections with the practitioners there and still mastermind on the phone with them a couple times a year. Wonderful experience.

REAL AND LASTING SUCCESS IN YOUR BUSINESS STARTS WITH YOU AND YOUR MINDSET.

Whatever you believe to be true IS true. Your thoughts control your reality. If you think can't do it, you are right. If you think can do it, you are also right.

This meeting is for you if you **just know** that if you were better equipped with the right ideas and knew how to implement them over time, you could actually have a practice that served you and funded your ideal lifestyle.
